Very proud to announce that we are starting our own monthly cinema in the Village Hall. Thanks to our friends Better Brew we have acquired a big screen and a digital projector. The Village Hall already has a sound system so it is all systems go. To try and be a little original we will be mostly showing National Theatre shows but will throw in some films as well. All proceeds go to supporting the Village Hall.

**Our program to date - Tickets are £10 a head, £5 for appropriate children under 18.**
